

SMALL GROUP DISCUSSION POINTS

Berthing Assignment Policy

Criteria for choosing priority for berth assignment post-renovation, which may include considerations such as:

- Consideration for total length of time as berth holder at Marina (seniority/tenure)
- Consideration for past location in Marina (west basin vs east basin)
- Consideration for price paid for berth

Updating Rules & Regulations

Consideration of multiple items that may require revision, deletion, or incorporation in the existing SF Marina Rules & Regulations, which may include:

- Boat coverings
- Boat lifts
- Charge for actual metered electric usage
- Fishing in Marina
- Installation of additional fender systems
- Length of vessel assigned to a berth
- Movement and re-tie of vessel, guarantee of specific berth
- Opportunity for alternate berth choices, if current boat will fit into smaller berth than was assigned in the past.
- People living on their vessels
- Storage of additional small vessels on the finger piers and in the berths
- Subletting of berths
- Time frame for renewal of Berthing License Agreement
- Vessel insurance requirement
