The well-loved amenities of Dolores Park are in need of significant rehabilitation. These changes can't happen without input from the users of Mission Dolores Park. With your help, the park will soon be as good as new. Please join your neighbors at the second community meeting to discuss the improvements and help ensure that the plan addresses the diverse needs of the park and its users.

**Workshop #4:** After creating and considering alternatives at the last two workshops, community members will decide the locations of the bathrooms, pathways and picnic areas. Committees of participants will also present proposals for the rehabilitation and reconfiguration of the dog play areas, north field and sports courts.

On-site children's activity with oversight available during workshop.
