

Alamo Square Park Water Conservation Project
Community Meeting #1 – May 2, 2013
Hayes Valley Clubhouse 6:30-8:00

Meeting Minutes

1. Plant trees for windbreak. Coordination needed with this project.
2. Coordinate water needs by zones.
3. Keep irrigation on during phasing. How will this be done?
4. Do not equate steep slopes with non-use.
5. Need a planting plan we can all agree on.
6. What is the plan for removal of old trees?
7. Expose historic gutters.
8. Encourage water recharge stations at existing catch basins.
9. Keep tennis court and play area open during construction.
10. Consider dog urine problem. Would programming irrigation help?
11. Are there springs on site?
12. Consider drainage on site.
13. Import soil where needed.
14. New restroom at playground.
