

## MINUTES

1. Cover storage space in future to restroom. This is preferred over other additive items.
2. Remove markings on sidewalk along 30<sup>th</sup>/31<sup>st</sup> Avenues after construction.
3. Do not plant in front of curving privacy wall.
4. Check on status of work order for fence post.
5. Restore fence on top of restroom building.
6. South side of tennis courts is shaded by tall trees. Consider this for the resurfacing texture and curing time.
7. Combine drinking fountain and bottle filler to allow space for the trash receptacle. (Does Public Works Code, Section 170 apply?)
8. Security lighting at restroom.
9. Speak with Jon Campo on the maintenance of the fenced space.
10. Possible to design handrail to deter skateboarders?
11. Mix species of street trees along 30<sup>th</sup> Ave.
12. Add planting pockets along 30<sup>th</sup> Ave retaining wall.

## SUMMARY:

### Modifications/Additions to contract work:

- a. Remove markings on sidewalk along 30<sup>th</sup>/31<sup>st</sup> Avenues after construction.
- b. Do not plant in front of curving privacy wall.
- c. Restore fence on top of restroom building.
- d. South side of tennis courts is shaded by tall trees. Consider this for the resurfacing texture and curing time.
- e. Combine drinking fountain and bottle filler to allow space for the trash receptacle.
- f. Mix species of street trees along 30<sup>th</sup> Ave.

### Priorities for additive alternatives as budget allows:

1. Renovate the other restroom, which would not be wheelchair accessible.
2. Security lighting at restroom
3. Add planting pockets along 30<sup>th</sup> Ave retaining wall.

### Items for follow up:

- Check on status of work order for fence post.
- Speak with Jon Campo on the maintenance of the fenced space.
- Possible to design handrail to deter skateboarders?
