May 14, 2013

Surrounding Shade Trees

Mountain Lake

Concrete Slide (With Modification)

Height of Existing Play Structure

Height of Existing Swings

Open Space for Free Running

Ample Seating Areas

Mountain Lake Park Context

Few Picnic Opportunities

Too Many Points of Entry

Too Much Sand That is Difficult to Maintain

Slide Landing Drops Too Far, Cut Too Short

Play Equipment in Disrepair and Unsafe

Sight Lines Not Clear to Restrooms, Entire Playground

Not Enough Play Equipment for Younger Kids

# Mountain Lake Park Playground - Need for Improvement

San Francisco, California

Bohlin Cywinski Jackson

May 14, 2013

- ① Enhance views of Mountain Lake
- ② Limit points of physical access
- ③ Wide range of age appeal
- ④ Universal access for inclusiveness
- ⑤ Variety of play structures: slides, climbing area, spinners, swings, open space
- ⑥ Create opportunities for picnicing / multi-function events
- ⑦ Enhance visibility within playground
- ⑧ Work within existing topography

Preliminary Concept Design - February 2012

Concept Design Refinement - June 2012

Preliminary Concept Design - February 2012

Concept Design Refinement - June 2012

- ① Develop toddler area for wider variety of play equipment
- ② Expand seating areas to include play area seating, grandparent and more parent seating area (more than half of benches required to have backs)
- ③ Confirm requirement for providing access to top of slide
- ④ Coordinate layout with renovated design of restroom facility
- ⑤ Incorporate more history and context of Mountain Lake Park site
